1. Product and Company Identification

Product Code: 1683.1
Product Name: Turpentine
Manufacturer Information
  Company Name: W. M. Barr
  2105 Channel Avenue
  Memphis, TN  38113
  Phone Number: (901)775-0100
  Emergency Contact: 3E  24 Hour Emergency Contact (800)451-8346
  Information: W.M. Barr Customer Service (800)398-3892
  Web site address: www.wmbarr.com
Preparer Name: W.M. Barr EHS Dept (901)775-0100
Synonyms
  QGT69, QGT69L

3. Hazards Identification

Emergency Overview
Danger! Flammable. Harmful or fatal if swallowed. Skin and Eye Irritant. Vapor Harmful.

OSHA Regulatory Status:
This material is classified as hazardous under OSHA regulations.

Potential Health Effects (Acute and Chronic)

INHALATION ACUTE EXPOSURE EFFECTS:
May cause dizziness, headache, watering of the eyes, irritation of the respiratory tract, nausea, depression of the central nervous system, and serious irritation to the kidneys. Severe overexposure may cause unconsciousness.

SKIN CONTACT ACUTE EXPOSURE EFFECTS:
This material is a skin irritant.

EYE CONTACT ACUTE EXPOSURE EFFECTS:
This material is a severe eye irritant.

INGESTION ACUTE EXPOSURE EFFECTS:
Harmful or fatal if swallowed. May cause nausea, vomiting, gastrointestinal irritation, and diarrhea.

CHRONIC EXPOSURE EFFECTS:
Reports have associated repeated and prolonged overexposure to solvents with neurological and other physiological damage. May cause jaundice, bone marrow damage, liver damage, anemia, nausea, skin irritation, headache, dizziness, some loss of memory, heart palpitations, and kidney damage, central nervous system damage, mental confusion, convulsions, coma, and death.
4. First Aid Measures

Emergency and First Aid Procedures

INHALATION:
If user experiences breathing difficulty, move to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

SKIN CONTACT:
Wash with soap and water. If irritation persists, get medical attention.

EYE CONTACT:
Flush eyes with water for at least 15 minutes. Get immediate medical attention.

INGESTION:
Do not induce vomiting. Immediately call your poison control center, hospital emergency room, or physician immediately for instructions. Drink large quantities of water to dilute substance. Never give anything by mouth to an unconscious person.

5. Fire Fighting Measures

Flammability Classification: IC
Flash Pt: 97.00 F Method Used: TAG Closed Cup
Explosive Limits: LEL: No data. UEL: No data.

Fire Fighting Instructions
Self-contained respiratory protection should be provided for fire fighters fighting fires in buildings or confined areas. Storage containers exposed to fire should be kept cool with water spray to prevent pressure build-up. Stay away from heads of containers that have been exposed to intense heat or flame.

Flammable Properties and Hazards
Danger! Flammable! Keep away from heat, sparks, flame, and all other sources of ignition. Do not smoke. Extinguish all flames and pilot lights, and turn off stoves, heaters, electric motors and all other sources of ignition during use and until all vapors are gone. Beware of static electricity that may be generated by synthetic clothing and other sources.

Material floats on water.

Excessive temperatures and/or contact with air may cause decomposition or oxidation.

Hazardous Combustion Products
Carbon monoxide and carbon dioxide.

Extinguishing Media
Use carbon dioxide, dry powder, or foam.

Unsuitable Extinguishing Media
No data available.
6. Accidental Release Measures

Steps To Be Taken In Case Material Is Released Or Spilled

Keep unnecessary people away; isolate hazard area and deny entry. Stay upwind, out of low areas, and ventilate closed spaces before entering. Shut off ignition sources; keep flares, smoking or flames out of hazard area.

Small Spills: take up liquid with sand, earth or other noncombustible absorbent material and place in a plastic container where applicable.

Large Spills: dike far ahead of spill for later disposal.

7. Handling and Storage

Precautions To Be Taken in Handling

Read carefully all cautions and directions on product label before use. Since empty container retains residue, follow all label warnings even after container is empty. Dispose of empty container according to all regulations. Do not reuse this container.

Precautions To Be Taken in Storing

Keep container tightly closed when not in use. Store in a cool, dry place. Do not store near flames or at elevated temperatures.

8. Exposure Controls/Personal Protection

Respiratory Equipment (Specify Type)

For occasional consumer use - Use with adequate ventilation to prevent a build-up of vapors in confined areas. Open windows or position fans to provide cross ventilation. If a mild to strong odor is noticeable, ventilation is not adequate.

For OSHA controlled workplace and other regular users - Use only with adequate ventilation under engineered air control systems designed to prevent exceeding appropriate TLVs.

For occasional use, where engineered air control is not feasible, use properly maintained and properly fitted NIOSH approved respirators. A dust mask does not provide protection against vapors.

Eye Protection

Safety glasses, chemical goggles, or face shields are recommended to safeguard against potential eye contact, irritation, or injury. Contact lenses should not be worn while working with chemicals.

Protective Gloves

Wear impermeable gloves. Gloves contaminated with product should be discarded.

Other Protective Clothing

Various application methods can dictate use of additional protective safety equipment, such as impermeable aprons, etc., to minimize exposure.

Engineering Controls (Ventilation etc.)

Use only with adequate ventilation to prevent buildup of vapors. Do not use in areas where vapors can accumulate and concentrate, such as basements, bathrooms or small enclosed areas. Whenever possible, use outdoors in an open air area. If using indoors open all windows and doors and maintain a cross ventilation of moving fresh air across the work area. If strong odor is noticed or you experience slight dizziness, headache, nausea or eye-watering -- STOP -- ventilation is inadequate. Leave area immediately and move to fresh air.

Work/Hygienic/Maintenance Practices

Wash hands thoroughly after use and before eating, drinking, or smoking.

Clothing that becomes soiled with product should be removed as soon as possible and laundered separately.

A source of clean water should be available in the work area for flushing of eyes and skin.
9. Physical and Chemical Properties

**Physical States:**
- [ ] Gas
- [X] Liquid
- [ ] Solid

**Melting Point:**
No data.

**Boiling Point:**
315.00 F - 338.00 F

**Autoignition Pt:**
No data.

**Flash Pt:**
97.00 F Method Used: TAG Closed Cup

**Explosive Limits:**
- LEL: No data.
- UEL: No data.

**Specific Gravity (Water = 1):**
- 0.86 at 25.0 C

**Density:**
- 7.189 LB/GL at 75.0 F

**Bulk density:**
No data.

**Vapor Pressure (vs. Air or mm Hg):**
- <=4 MM HG at 20.0 C

**Vapor Density (vs. Air = 1):**
> 1

**Evaporation Rate (vs Butyl Acetate=1):**
< 1

**Solubility in Water:**
No data.

**Solubility Notes**
- less than 0.1% -- Floats on water.

**Percent Volatile:**
100.0 %

**Heat Value:**
No data.

**Particle Size:**
No data.

**Corrosion Rate:**
No data.

**pH:**
No data.

**Appearance and Odor**
- Colorless.
- Typical pine terpene.

10. Stability and Reactivity

**Stability:**
- Unstable [ ]
- Stable [ X ]

**Conditions To Avoid - Instability**
No data available.

**Incompatibility - Materials To Avoid**
Incompatible with strong oxidizing agents, strong bases, and strong acids

**Hazardous Decomposition Or Byproducts**
carbon monoxide and carbon dioxide

**Hazardous Polymerization:**
- Will occur [ ]
- Will not occur [ X ]

**Conditions To Avoid - Hazardous Polymerization**
No data available.

11. Toxicological Information

**Carcinogenicity/Other Information**
No data available.

**Hazardous Components (Chemical Name)**

12. Ecological Information
Related chemicals are known to be biodegradable and non-accumulating in the environment.

13. Disposal Considerations

Waste Disposal Method
Dispose in accordance with applicable local, state, and federal regulations.

14. Transport Information

LAND TRANSPORT (US DOT)
DOT Proper Shipping Name UN1299, Turpentine, 3, PGIII, LTD. QTY.

Additional Transport Information
For D.O.T. information, contact W.M. Barr Technical Services at 1-800-398-3892.

The supplier may apply one of the following exceptions: Combustible Liquid, Consumer Commodity, Limited Quantity, Viscous Liquid, Does Not Sustain Combustion, or others, as allowed under 49CFR Hazmat Regulations. Please consult 49CFR Subchapter C to ensure that subsequent shipments comply with these exceptions.
